

**SNDT Women's University, Mumbai**

**Bachelor of Commerce In  
Tourism Management  
*as per NEP-2020***

**Syllabus**

**(w.e.f. 2024-25)**

**Under graduate Programme  
Effective from 2024-25  
Terminologies**

<b>Abbreviation</b>	<b>Full-form</b>	<b>Remarks</b>	<b>Related to Major and Minor Courses</b>
Major (Core)	Main Discipline		
Major (Elective)	Elective Options		related to the Major Discipline
Minor Stream	Other Disciplines (Inter/ Multidisciplinary) not related to the Major	either from the same Faculty or any other faculty	
OEC	Open Elective Courses/ Generic		Not Related to the Major and Minor
VSEC	Vocational and Skill Enhancement Courses		
VSC	Vocational Skill Courses		Related to the Major and Minor
SEC	Skill Enhancement Courses		Not Related to the Major and Minor
AEC	Ability Enhancement Courses	Communication skills, critical reading, academic writing, etc.	Not Related to the Major and Minor

VEC	Value Education Courses	Understanding India, Environmental science/education, Digital and technological solutions, Health & Wellness, Yoga education, sports, and fitness	Not Related to the Major and Minor
IKS	Indian Knowledge System	I. Generic IKS Course: basic knowledge of the IKS  II. Subject Specific IKS Courses: advanced information pertaining to the subject: part of the major credit.	Subject Specific IKS related to Major
VAC	Value-Added Courses		Not Related to the Major and Minor
OJT	On-Job Training (Internship/Apprenticeship)	corresponding to the Major Subject	Related to the Major
FP	Field projects	corresponding to the Major Subject	Related to the Major
CC	Co-curricular Courses	Health and Wellness, Yoga education sports, and fitness, Cultural Activities, NSS/NCC and Fine/	Not Related to the Major and Minor

		Applied/Visual/ Performing Arts	
CE	Community Engagement and service		Not Related to the Major and Minor
RP	Research Project	corresponding to the Major Subject	Related to the Major

**Programme Template:**

<p>Programme</p> <p>Degree</p> <p>e.g.</p> <p>B.A./B.Com./B.Sc./ B.M.S., etc.</p>	<p><b>Bachelor in Commerce (B.Com)</b></p>
<p>Parenthesis if any (Specialization)e.g. History, Human Development, English, etc.</p>	<p><b>Tourism Management</b></p>
<p>Preamble (Brief Introduction to the programme)</p>	<p>A Four- Year Bachelor in Commerce (B.Com with Honors) degree programs that include research components. A Bachelor of Commerce (B.Com) degree is an undergraduate degree program. B.Com is the foundation upon which subsequent studies can be constructed. The Four-Year B.COM course with a Research degree will allow students to get an opportunity to experience the full range of holistic and multidisciplinary education. Candidates can pursue B.com with Honours who wish to have in-depth knowledge in the Commerce stream. The honours course is designed to offer knowledge in specialised subjects under the umbrella of commerce stream. This degree Program is divided into 8 semesters. Students will also have wide variety of elective subjects from the baskets created in some of the semesters. It is a flexible degree that builds skills and expertise in one or more areas of business, such as commerce, economics, business law, accountancy, taxation, financing along with research, Specializations and skilled based papers/ subjects offered. This program, <b>B.Com in Tourism Management</b> is designed to provide students with the career scope in the tourism industry in India and abroad. This course teaches the students business concepts of Tourism to explore the world of travel.</p>

<p>Programme Specific Outcomes (PSOs)</p> <p><i>Action Verbs demonstrating (Major) discipline-related knowledge acquisition, mastery over cognitive and professional, vocational skills are to be used</i></p> <p><i>e.g. demonstrate sound understanding of., analyse, compare, create, design, etc...</i></p> <p><i>(minimum 5)</i></p>		After completing this programme, Learner will
	1.	get a broad overview of a rapidly expanding and a highly dynamic industry which navigates the tourists through travel destinations.
	2.	Eligible to appear for different Professional Entrance Exams to qualify for Post Graduation.
	3.	Pursue higher studies in Masters in Commerce M.COM – HRM, Tourism Management, Master of Tourism Administration, MBA in Hospitality Management, Travel & Tourism and also Post Graduate Diplomas in Travel & Tourism Management, Tourist Guide, Tourism & Ticketing and Hospitality Management
	4.	Further move towards Research in the field of Tourism
	5.	Accelerate with opportunities to work as a Travel Agent, Tour Operator, Travel Executive, Tourist Guide, Tour Manager, Hotel Manager, PR Manager, Travel Desk in reputed hotels, Ground Staff at airport terminals, etc.
	6.	Avail these Opportunities with top recruiters like IRCTC, Thomas Cook, Make My Trip, Club Mahindra Holidays, Caribbean Cruise, Domestic and International Airlines, etc.
Eligibility Criteria for Programme		XII or equivalent from any stream with required bridge course (if any) to be conducted at college level.
Intake  (For SNTD WU Departments and Conducted Colleges)		As per University guidelines

**Structure with Course Title – B.Com in Tourism Management**

*(Options related to our area of study to be provided with "OR" for baskets of different types)*

**First Year**

SN	Courses	Type of Course	Credits	Marks	Int	Ext
	<b>Semester I</b>					
1.1	<b>Tourism Dynamics and Tourism Organizations</b>	Subject 1	4	100	50	50
1.2	<b>Fundamentals Of Tourism</b>	Subject 2	2	50	-	50

**B.COM In Tourism Management  
Semester I  
Academic Year: 2024-25**

**Course Syllabus**

**Semester I**

**1.1 Subject 1**

<b>Course Title</b>	<b>Tourism Dynamics and Tourism Organizations</b>
<b>Course Credits</b>	<b>4 Credits</b>
<b>Course Outcome</b>	After going through the course, learners will be able to :
	<ul style="list-style-type: none"> <li>• Understand the basic tourism phenomenon</li> <li>• Recognize the contribution of tourism industry and tourist Organizations towards World economy.</li> </ul>
<b>Module 1(Credit 1) Tourism Dynamics – I</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to :
	<ul style="list-style-type: none"> <li>• Know the Significance of tourism</li> <li>• Study the Basic components and Geographical components important for the tourism industry</li> <li>• Analyze various impacts of tourism.</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Components of Tourism : Basic Components &amp; Geographical Components</li> <li>• Impacts of Tourism : Economic, Socio – Cultural, Political, Physical and Environmental.</li> </ul>
<b>Module 2(Credit 1) Tourism Dynamics – II</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to :
	<ul style="list-style-type: none"> <li>• Discover new trends in the industry.</li> <li>• Opportunities available for tourists and tour operators</li> </ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• New Trends : Eco tourism, MICE, Medical, Sustainable, Wellness, Leisure travel, Culinary, Adventure, Space and Dark Tourism.</li> <li>• Technological Trends : Mobile Bookings, Solo Travel, Virtual Reality and Personalization in Tourism</li> <li>• Opportunities offered by the tourism industry</li> </ul>
------------------------	--

<b>Module 3 (Credit 1) National Tourism Organizations</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to:
	<ul style="list-style-type: none"> <li>• Gain insight of various National Tourist Organizations, their Full form, Logo, Establishment, Organizational structure, Functions, Role, Activities, Membership &amp; Publications.</li> </ul>
<b>Content Outline</b>	National Tourist Organizations: <ul style="list-style-type: none"> <li>• MOT</li> <li>• MTDC</li> <li>• TAAI</li> <li>• TAFI</li> <li>• ITDC</li> <li>• ASI</li> </ul>

<b>Module 4 (Credit 1) International Tourism Organizations</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to :
	<ul style="list-style-type: none"> <li>• Be acquainted with various International Tourist Organizations, their Full form, Logo, Establishment, Functions, Role, Activities, Membership &amp; Publications</li> </ul>
<b>Content Outline</b>	International Tourist Organizations : <ul style="list-style-type: none"> <li>• UNWTO</li> <li>• IATA</li> <li>• IUOTO</li> <li>• UFTAA</li> <li>• PATA</li> <li>• ASTA</li> <li>• WTTC</li> </ul>

## Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)

Sr. No	Assignments/Activities/ Written Test
1	Assignments – Long answers, short answers and Objectives
2	Project Presentation – Topics to be given from the module like Geographical components, MICE Tourism, Leisure Travel, MTDC, WTO.
3	Written Test
	<b>Total– 50 Marks</b>

Internal Exam- 50 marks ,

External Examination – 50 marks

## Course Syllabus

### Semester I

#### 1.2 Subject 2

<b>Course Title</b>	<b>Fundamentals of Tourism</b>
<b>Course Credits</b>	2 Credits
<b>Course Outcomes</b>	After going through the course, learners will be able to
	<ul style="list-style-type: none"><li>• Inculcate the basic concepts of travel and tourism</li><li>• Study the fundamental ideas of tourism.</li><li>• Identify various perspectives for tourism development</li></ul>
<b>Module 1(Credit 1) Basics of Tourism</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Acquire the required preliminary knowledge about the world of travel.</li><li>• Understand the basic types of travel.</li><li>• Explore Evolution of the tourism industry.</li><li>• Study the Role of A's of tourism</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Definitions and Terms</li><li>• Basic Types of Tourism</li><li>• Evolution &amp; Development of Tourism</li><li>• A's of Tourism</li></ul>
<b>Module 2(Credit 1) Classification and Tourism Infrastructure</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Identify the Purpose of Travel</li><li>• Figure out the reasons which motivate people to travel</li><li>• Determine the Barriers to travel</li><li>• Study the role of Infrastructure in the travel industry</li></ul>

<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Classification of Tourism</li><li>• Travel Motivators</li><li>• Travel Barriers</li><li>• Tourism Infrastructure in India and its types</li></ul>
------------------------	---

### **Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)**

Internal Examination – There will be no internal examination for this course

External Examination – 50 Marks

## Course Syllabus

### Semester I

#### 1.3 OEC

<b>Course Title</b>	<b>Business Environment</b>
<b>Course Credits</b>	4
<b>Course Outcomes</b>	After going through the course, learners will be able to
	<ul style="list-style-type: none"><li>• Identify internal and external factors that influence business.</li></ul>
	<ul style="list-style-type: none"><li>• Understand organizational culture, organizational structure and management structure.</li></ul>
	<ul style="list-style-type: none"><li>• Create awareness about values, norms and customs of organization</li></ul>
<b>Module 1 (Credit 1) Fundamentals of Business Environment</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Develop deep insight into constituents of the business environment</li></ul>
	<ul style="list-style-type: none"><li>• Understand the interrelationship between Business and Environment</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Business Environment: Concept, Importance, Interrelationship between Business and environment</li><li>• Constituents of the business environment: Internal and External environment, Educational environment and its impact, International environment ( Current trends in world, International trading environment, WTO and Trade blocks and their impact)</li></ul>
<b>Module 2 (Credit 1) Project Planning and Business Promotion.</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Understand the Procedure for setting up a business unit</li></ul>
	<ul style="list-style-type: none"><li>• Know business promotion and government procedure</li></ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Project Planning: (concept, importance and Planning process, steps i setting business objective, Feaibility study, Project report, Business size and location decision, Factors considered for new business.</li> <li>• Business Promotion: Concept, Stages, Government role, statutory requirement (Licensing, Registration, procedure, document requirement and legal provision.</li> </ul>
<b>Module 3 (Credit 1) Basics of Tourism</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"> <li>• Gain knowledge of the tourism industry</li> </ul>
	<ul style="list-style-type: none"> <li>• Analyze contemporary issues in tourism</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Tourism: Meaning, concept, Importance, Geographical factors influence, Types and Forms</li> <li>• Trends and Contemporary issues in tourism: Tourist transport, Travel agency and tourism business</li> </ul>
<b>Module 4 (Credit 1) Entrepreneurship</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"> <li>• Have awareness about entrepreneurial opportunities</li> </ul>
	<ul style="list-style-type: none"> <li>• Understand and evaluate various entrepreneurial programs</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Entrepreneurship: Concept, Importance, Growth factors, Entrepreneur and Manager, Entrepreneur and Intrapreneur</li> <li>• Entrepreneur: Types, Competencies, Entrepreneurship Development program, Incentives to Entrepreneurs in India.</li> <li>• Women Entrepreneurs: Problems and Promotion</li> </ul>

**Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)**

Sr. No	Assignments/Activities
--------	------------------------

1	Written Test/ Assignment on any of the module/ Project on Preparation of Business plan, sample promotion of a product etc./ Quiz/Debate
2	Group Discussion on Tactics of Business promotion, Current trends in Tourism etc./ Case Study on Successful Indian Entrepreneurs
3	Presentations/Seminars/Workshop/ Any other innovative methods
<b>Total – 50 Marks</b>	

**Internal – 50 Marks**

**External – 50 Marks**

## Course Syllabus

### Semester I

#### 1.3 OEC

<b>Course Title</b>	<b>Business Mathematics</b>
<b>Course Credits</b>	4
<b>Course Outcomes</b>	After going through the course, learners will be able to <ul style="list-style-type: none"><li>• Practice mathematical expressions, formulas, equations, and relationships in a range of situations.</li><li>• Demonstrate mathematical skills required in mathematically intensive areas in Economics and business.</li><li>• Analyze the role of LPP in formulating the problems and graphical solutions to LPP</li><li>• Calculate nominal and effective rates of interest</li><li>• Solve the problems relating to permutations and combinations</li></ul>
<b>Module 1 (Credit 1) Matrices and Determinants</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"><li>• Comprehend various business mathematics concepts</li><li>• Apply the knowledge of Matrix Algebra and Inverse of Matrix to solve the business problems</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Algebra of matrices. The inverse of a matrix, Matrix Operation – Business Application</li><li>• Solution of system of linear equations (having a unique solution and involving not more than three variables) using matrix inversion Method</li><li>• Crammer’s Rule.</li></ul>
<b>Module 2 (Credit 1) Commercial Mathematics and Finance</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"><li>• Compute Ratio, Profit, and Loss etc.</li><li>• Estimate simple and compound interest, annuities, etc</li></ul>

<b>Content Outline</b>	<b>Commercial Mathematics and Finance</b> <ul style="list-style-type: none"> <li>• Ratio and percentages, commission, brokerage, trade, and cash discount, cost price, selling price, profit or loss on cost price/ selling price.</li> <li>• Rates of interest-nominal, effective- and their inter-relationships in different compounding situations.</li> <li>• Compounding and discounting of a sum using different types of rates.</li> </ul>
<b>Module 3 (Credit 1) Linear Programming</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"> <li>• Interpret linear programming problem and its formulation</li> <li>• Solve the LPP of maximization and minimization types graphically</li> </ul>
<b>Content Outline</b>	<b>Linear Programming Problem</b> <ul style="list-style-type: none"> <li>• Formulation of Linear programming Problem (LPP)</li> <li>• Graphical solution to LPP (For both maximization and minimization types)</li> <li>• Unbounded solution and infeasibility in LPP</li> <li>• Cases of unique and multiple solution</li> </ul>
<b>Module 4 (Credit 1) Mathematics of finance and permutations and combinations</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"> <li>• Calculate nominal and effective rates of interest</li> <li>• Explain problems relating to permutation and combination</li> </ul>

#### 1.8 VEC

<b>Course Title</b>	<b>English for Soft Skill Development- Paper I</b>
<b>Course Credits</b>	<b>2</b>
<b>Course Outcomes</b>	<p>After going through the course, learners will be able to:</p> <ul style="list-style-type: none"><li>• Acquire soft skills for employability purposes by using English.</li><li>• Develop effective communicative skills, presentation skills and various other skills for personality development.</li><li>• Learn the arts of dressing, appearance, etiquettes, using and understanding non-verbal forms of communication</li><li>• Develop the skill of negotiations, assertiveness, time management, leadership qualities, importance and essential of team work.</li><li>• Use soft skills as lifelong transferable skills.</li></ul>
<b>Module 1(Credit 1) English and Soft Skills by S.P. Dhanaval.</b>	
<b>Learning Outcomes</b>	<p>After learning the module, learners will be able to:</p> <ul style="list-style-type: none"><li>• Acquire various soft skills such as the art of listening, showing assertion, enhancing emotional intelligence, solving problems using critical abilities and handling conflicts to lead them to resolution.</li><li>• Learn to use these skills in day-to-day practical life at place of work, social set-ups and other places.</li><li>• Learn the art of dressing, etiquettes, appearance etc. and carry themselves with an air of confidence.</li></ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Listening Skills</li> <li>• Teamwork Skills</li> <li>• Emotional Intelligence Skills</li> <li>• Assertive Skills</li> <li>• Problem-Solving Skills</li> </ul>
<b>Module 2(Credit 1) Application of Skills Learnt in Module 1</b>	
<b>Learning Outcomes</b>	<p>After learning the module, learners will be able to:</p> <ul style="list-style-type: none"> <li>• Apply the skills acquired by way of performance, role-plays and given hypothetical situations.</li> <li>• Develop self-confidence and high self-esteem so that they find themselves easily adaptable to the work place environment.</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Role Play</li> <li>• Mock situations and settings</li> <li>• Case studies</li> <li>• Enactments</li> <li>• Group discussions</li> <li>• Mock-Trials of Attires and Appearances</li> <li>• Visits and Tours</li> </ul>

**Internal – 50 Marks**

**Assignments/Activities towards Comprehensive Continuous Evaluation (CCE): 50 marks**

- Assignment 1– 15 marks -Enactments and Role plays
- Assignment 2 – 15 marks
- Reporting about Visits and Tours
- Assignment 3 - 10 marks
- Group and Panel Discussions
- Assignment 4- Project on a Corporate or Business organisation- 10 marks

**External Assessment: There will be no external assessment for this course**

## Course Syllabus

### Semester I

#### 1.8 VEC

<b>Course Title</b>	<b>Fundamentals of Computers</b>
<b>Course Credits</b>	<b>2</b>
<b>Course Outcomes</b>	After going through the course, learners will be able to: <ul style="list-style-type: none"><li>• Understand the importance and requirement of computers in day to day life.</li><li>• Understand latest Computer technology</li><li>• Emphasis the use of computer in the modern world</li><li>• Understand about Operating Systems</li><li>• Work on Word Processor and Spreadsheet</li><li>• Prepare and present PowerPoint presentations</li></ul>
<b>Module 1 (Credit 1) Fundamentals of Computers and Windows</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"><li>• Identify the different types of computers and their organization</li><li>• Understand latest Computer technology</li><li>• Perform common Windows functions, use Windows Search, Help, and Automatic Updates</li></ul>
<b>Content Outline</b>	<b>FUNDAMENTALS OF COMPUTERS</b> <ul style="list-style-type: none"><li>• The Definition and Characteristics of Computer</li><li>• History and Generation of Computers</li><li>• Classifications of Computers</li><li>• Number System (Decimal, Binary, Octal, Hexa)</li><li>• Bit, Byte &amp; Word</li><li>• Block Diagram of Computer System</li><li>• Input, Output &amp; Storage Devices</li><li>• Computer Virus &amp; Precautions against Virus attack.</li></ul> <b>WINDOWS</b> <ul style="list-style-type: none"><li>• Historical Evaluation of windows (till XP)</li><li>• Functions of Mouse</li><li>• Choosing a Desktop Theme</li><li>• Selecting Wallpaper</li></ul>

	<ul style="list-style-type: none"> <li>• Using Window Explorer</li> <li>• Managing Files and Folders</li> <li>• Painting Pictures</li> <li>• Using Notepad</li> <li>• Zip and Extract (Unzip)</li> </ul>
<b>Module 2 (Credit 1) : Word Processor, Spreadsheet and PowerPoint</b>	
<b>Learning Outcomes</b>	<p>After learning the module, learners will be able to</p> <ul style="list-style-type: none"> <li>• Create, edit, save, and print documents to include documents with lists and tables</li> <li>• Work with spreadsheets, Construct formulas, including the use of built-in functions, and relative and absolute references</li> <li>• Create, edit, save, add graphics, sound and print presentations</li> </ul>
<b>Content Outline</b>	<p><b>WORD PROCESSOR</b></p> <ul style="list-style-type: none"> <li>• Introduction to Word Processor</li> <li>• Uses of Word</li> <li>• Document Concept (Creating, Saving, Opening, Closing Document )</li> <li>• Formatting Document ( Bold, Italic, Underline, Justification, fonts, Colors of Fonts, Format Painter )</li> <li>• Three Methods of Copy, Cut &amp; Paste</li> <li>• Working with Margins and Page Setup</li> <li>• Inserting and Formatting Clipart and WordArt</li> <li>• Tables</li> <li>• Uses of Drawing Toolbar</li> <li>• Columns</li> <li>• Goto, Find &amp; Replace</li> <li>• Header &amp; Footers</li> <li>• Printing Procedure</li> <li>• AutoCorrect and AutoText</li> <li>• Spell Check &amp; Thesaurus</li> <li>• Adding a Chart to the Report</li> </ul>

	<ul style="list-style-type: none"> <li>• Mail Merging</li> </ul> <p><b>SPREADSHEET</b></p> <ul style="list-style-type: none"> <li>• Introduction to Spreadsheet</li> <li>• Role of Excel in Day to Day Life</li> <li>• Understanding Excel Sheet</li> <li>• Inserting, Deleting and Hiding Columns / Rows</li> <li>• Manipulating Formulas and Mathematical, Statistical and String Functions</li> <li>• Statistical Data Analysis (Goal seek, Scenario &amp; Pivot table)</li> <li>• Working with Charts</li> <li>• Printing a Sheet</li> <li>• Sort &amp; Filter</li> </ul> <p><b>POWERPOINT</b></p> <ul style="list-style-type: none"> <li>• What is Presentation? Explain its Need.</li> <li>• Uses of PowerPoint</li> <li>• Making Presentation</li> <li>• Different Types of Slide layouts</li> <li>• Slide View, Slide Sorter View &amp; Slide Show Buttons</li> <li>• Setup Show</li> <li>• Applying Design Templates and Backgrounds</li> <li>• Transition &amp; Custom Animation Effects</li> <li>• Recording Voice in Presentation</li> <li>• Electronic Presentations</li> </ul>
--	--

**Internal – 50 Marks**

**Comprehensive Continuous Evaluation (CCE):**

- The internal Assignment and Lab Manuals testing should be continual and spread over the semester of 25 Marks

- Practical Exam of 25 Marks (Answer any 2 question out of 4, each question will be of 10 marks + Viva of 5 Marks)

**External Assessment: There will be no external assessment for this course**

## **B.COM In Tourism Management**

### **Semester II**

**Academic Year: 2024-25**

#### **Course Syllabus**

#### **Semester II**

#### **2.1 Subject 1**

<b>Course Title</b>	<b>India – A Tourist Destination</b>
<b>Course Credits</b>	4 Credits
<b>Course Outcomes</b>	After going through the course, learners will be able to :
	<ul style="list-style-type: none"><li>• Gain adequate knowledge about Indian Tourism</li><li>• Explore Ancient India, Geographical features and Natural resources</li><li>• Learn about Incredible India Campaign</li><li>• Study Popular tourist sites in India which include Heritage sites, Landmarks, Monuments, Places of worship, Beaches, Sanctuaries, Palaces and other sites.</li></ul>
<b>Module 1 (Credit 1) India – At A Glance</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to :
	<ul style="list-style-type: none"><li>• Introduce India in terms of country profile, mythology, languages spoken , way of life, customs and traditions.</li><li>• Familiarize States, Capitals, Union Territories and IATA City Codes</li><li>• Identify the Role of Incredible India Campaign</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Introduction</li><li>• Geographical features</li><li>• States, Capitals &amp; Union territories, IATA City Codes</li><li>• Incredible India Campaign</li></ul>

<b>Module 2(Credit 1) East and West India</b>	
<b>Learning Outcome</b>	After learning the module, learners will be able to :
	<ul style="list-style-type: none"> <li>• Explore major places of tourist interest in East and Western India with major emphasis on UNESCO Heritage sites, Pilgrimage Tourism, Eco-tourism, Monuments, Major Landmarks and other popular sites.</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Major tourist cities in East and West Zone.</li> <li>• Places of tourist interest in Eastern States of India</li> <li>• Places of tourist interest in Western States of India</li> </ul>
<b>Module 3 (Credit 1) North and North – East India</b>	
<b>Learning Outcome</b>	After learning the module, learners will be able to:
	<ul style="list-style-type: none"> <li>• Explore major places of tourist interest in Northern and North -East India with major emphasis on UNESCO Heritage sites, Pilgrimage Tourism, Eco-tourism, Monuments, Major Landmarks and other popular sites.</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Major tourist cities in Northern &amp; North East India.</li> <li>• Places of tourist interest in Northern States of India</li> <li>• Places of tourist interest in North East States of India</li> </ul>
<b>Module 4 (Credit 1) South India and Union Territories</b>	
<b>Learning Outcome</b>	<ul style="list-style-type: none"> <li>• Explore major places of tourist interest in South India and Union territories with major emphasis on UNESCO Heritage sites, Pilgrimage Tourism, Eco-tourism, Monuments, Major Landmarks and other popular sites.</li> </ul>
	<ul style="list-style-type: none"> <li>• Identify major tourist cities in South India and Union Territories</li> <li>• Places of tourist interest in South India.</li> <li>• Places of tourist interest in Union Territory regions</li> </ul>

## Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)-

Sr. No	Assignments/Activities/Written Test
1	Assignments – Long answers, short answers and Objectives
2	Project Presentation – Topics to be given from modules 2,3 and 4 like Heritage Sites in Maharashtra, Pilgrimage Tourism – Char Dham, North Eastern State, Popular Temples in Tamil Nadu, Pondicherry – a Popular Union Territory.
3	Written Test
	<b>Total– 50 Marks</b>

Internal Exam- 50 marks ,

External Examination – 50 marks

## Course Syllabus

### Semester II

#### 2.2 Subject 2

<b>Course Title</b>	<b>India Maps and Map Plotting</b>
<b>Course Credits</b>	2 Credits
<b>Course Outcomes</b>	After going through the course, learners will be able to : <ul style="list-style-type: none"><li>• Learn how to study the India map</li><li>• Plot political boundaries, positions of tourist destinations, states, routes, water bodies and landforms.</li></ul>
<b>Module 1(Credit 1) India – Physical Map</b>	
<b>Learning Outcome</b>	After learning the module, learners will be able to : <ul style="list-style-type: none"><li>• Explore various Geographical features of India through Physical map.</li></ul>
<b>Content Outline</b>	Plotting of : <ul style="list-style-type: none"><li>• Mountain ranges</li><li>• Oceans, Rivers and Coastline</li><li>• Western and Eastern Ghats</li><li>• d. Plateaus and Desert Region</li></ul>
<b>Module 2(Credit 1) India Political Map</b>	
<b>Learning Outcome</b>	After learning the module, learners will be able to : <ul style="list-style-type: none"><li>• Gain knowledge about India Political features which includes State boundaries, Neighbouring countries, Union Territories and Tourist Circuits.</li></ul>
<b>Content Outline</b>	Plotting of : <ul style="list-style-type: none"><li>• States and Capital Cities</li><li>• Triangular circuits popular in the country</li><li>• Popular City names like Pink city.</li><li>• India’s Neighbours</li></ul>

	<ul style="list-style-type: none"> <li>• SAARC countries</li> </ul>
--	---

**Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)-**

Sr. No	Assignments
1.	Assignments – based on Map Plotting from both modules like plot Western and Eastern Ghats, Mountainous Region like Ladakh, Triangular Circuits in Madhya Pradesh, Golden Triangle of Northern India and Neighbouring Countries.

External Examination - 50 Marks

**References**

## Course Syllabus

### Semester II

#### 2.3 VSC

<b>Course Title</b>	<b>Micro Economics I</b>
<b>Course Credits</b>	<b>2</b>
<b>Course Outcomes</b>	After going through the course, learners will be able to <ul style="list-style-type: none"><li>• Interpret the theories of Production functions and discuss the concept of Economies of Scale.</li><li>• Distinguish the different concepts of Cost and Revenue</li><li>• Understand the applied value of Break -Even Analysis and cost-revenue calculation through case study</li></ul>
<b>Module 1 (Credit 1) Theory of Production Function</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"><li>• Explain the concept of production function and the theories of Production Function</li><li>• Describe the different types of Economies and Diseconomies of scale</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Meaning of production function, meaning of short and long-run production function</li><li>• Law of Variable Proportions</li><li>• Laws of Returns to Scale</li><li>• Economies and Diseconomies of scale.</li></ul>
<b>Module 2 (Credit 1) Cost And Revenue Analysis</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to <ul style="list-style-type: none"><li>• Identify the different concepts of Cost and Revenue</li><li>• Calculate the Break Even point</li><li>• Recognize the real-world utility of Break-even analysis through case study</li></ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Concept of Total, Average and Marginal Cost; Social and Private Costs, Economic and Accounting Costs, Fixed and Variable Costs, Opportunity Cost, Implicit and Explicit Cost (only concepts);</li> <li>• Calculation of Costs with hypothetical numerical illustrations;</li> <li>• Concept of revenue, Total Revenue, Average revenue; TR, AR and MR under Perfect competition and Imperfect competition;</li> <li>• Break-even analysis (with the help of graph and formulae), Case study based on calculation of Break Even Point &amp; calculation of TC, AC, MC.</li> </ul>
------------------------	---

## Course Syllabus

### Semester II

#### a. OEC (Open Elective Courses/ Generic)

<b>Course Title</b>	<b>Environmental Studies</b>
<b>Course Credits</b>	<b>4</b>
<b>Course Outcomes</b>	After going through the course, learners will be able to
	<ul style="list-style-type: none"><li>• Understand the scope of environmental studies.</li></ul>
	<ul style="list-style-type: none"><li>• Analyze the factors affecting population explosion and human health.</li></ul>
	<ul style="list-style-type: none"><li>• Create awareness about the over exploitation of forest, water, food and energy resources.</li></ul>
	<ul style="list-style-type: none"><li>• Evaluate the causes for different types of pollutions and remedies to control pollution.</li></ul>
<b>Module 1 (Credit 1)</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Understand environment studies</li></ul>
	<ul style="list-style-type: none"><li>• Know the effect of population explosion</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Environment studies: Meaning, Definition, Scope and Importance.</li><li>• Population explosion: Population growth, Factors affecting density of population, population explosion, family welfare programme, Environment and human health.</li></ul>
<b>Module 2 (Credit 1)</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Understand various natural resources on earth</li></ul>
	<ul style="list-style-type: none"><li>• Develop awareness in conservation of natural resources</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Natural Resource: Types- Renewable and Non-Renewable.</li></ul>

	<ul style="list-style-type: none"> <li>• Forest resource: Use and over-exploitation, Deforestation – Causes and effects, Timber extraction, Mining, Dams and their effects on forest and Tribal people.</li> <li>• Water resource: use and exploitation of surface and groundwater, Floods and Droughts, Dams- benefits and problems, water conservation, Water management.</li> <li>• Food resource: World food problem, overgrazing, Effects of modern agriculture, Fertilizer- pesticide problem, water -logging, Salinity.</li> <li>• Energy resources: Growing need for energy, Renewable and Non-Renewable energy sources, hydroelectricity, Role of individual in conservation of natural resources, Equitable use of resources for a sustainable lifestyle.</li> </ul>
<b>Module 3 (Credit 1)</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"> <li>• Understand the concept of ecosystem</li> </ul>
	<ul style="list-style-type: none"> <li>• Develop awareness towards forest ecosystems, grassland ecosystems and aquatic ecosystems</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Ecosystem: Meaning, concept, structure, function, producers, consumers, decomposers, food chain, food webs and ecological pyramids.</li> <li>• Introduction, types, characteristic features, structure and function of the Forest ecosystem.</li> <li>• Introduction, types, characteristic features, structure and function of the Grassland ecosystem</li> <li>• Introduction, types, characteristic features, structure and function of the Aquatic ecosystem (ponds, streams, lakes, rivers, ocean estuaries).</li> </ul>
<b>Module 4 (Credit 1)</b>	
<b>Learning Outcomes</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"> <li>• Understand different types of pollution</li> </ul>
	<ul style="list-style-type: none"> <li>• Develop awareness prevention of various pollution</li> </ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Air pollution: Meaning, Definition, types, causes, effects and control measures.</li> <li>• Water pollution: Meaning, Definition, types, causes, effects and control measures.</li> <li>• Soil pollution: Meaning, Definition, types, causes, effects and control measures.</li> <li>• Noise pollution: Meaning, Definition, types, causes, effects and control measures.</li> <li>• Marine pollution: Meaning, Definition, types, causes, effects and control measures.</li> <li>• Disaster Management: Floods, earthquake cyclone and landslides.</li> <li>• Role of individual in prevention of pollution.</li> </ul>
------------------------	---

**Assignments/Activities towards Comprehensive Continuous Evaluation (CCE)**

Sr. No	Assignments/Activities
1	Written Test/ Assignment / Project Report/ Quiz/Debate
2	Group Discussion / Case Study
3	PPT Presentations/Seminars/Workshop/ Any other innovative methods
	<b>Total – 50 Marks</b>

**Internal – 50 Marks**

**External – 50 Marks**

## Course Syllabus

### Semester II

#### 2.4 OEC (Open Elective Courses/ Generic)

<b>Course Title</b>	<b>Business Statistics</b>
<b>Course Credits</b>	<b>4</b>
<b>Course Outcomes</b>	After going through the course, learners will be able to
	<ul style="list-style-type: none"><li>• Describe the key terminology, concepts, tools, and techniques used in business statistical analysis</li><li>• Interpret and evaluate numerical and quantitative issues in business.</li><li>• Analyze the relationship between two variables</li><li>• Analyze the tabulation and classification of data</li><li>• Represent different types of data through graphs</li></ul>
<b>Module 1 (Credit 1) Introduction to Statistics, Measures of Central Tendency and Dispersion</b>	
<b>Learning Outcomes (Specific related to the module)</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Comprehend the basic concepts of Business Statistics and its Significance</li><li>• Solve problems associated with different measures of central tendency and dispersion</li></ul>
<b>Content Outline</b>	<ul style="list-style-type: none"><li>• Definition of Business Statistics, Importance of business statistics, Needs of Data Collection and Analysis</li><li>• Mean, Median, Mode and its merits and demerits with practical example</li><li>• Measures of dispersion- Range, Mean Deviation, Standard Deviation, 1.4 Variance, Quartile Deviation with merits and demerits</li></ul>
<b>Module 2 (Credit 1) Correlation and Regression</b>	
<b>Learning Outcome</b>	After learning the module, learners will be able to
	<ul style="list-style-type: none"><li>• Imbibe skills needed for quantitative application in business situations.</li><li>• Estimate correlation and regression in two variable analysis</li></ul>

<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Correlation merits and demerits,</li> <li>• Types of Correlation –(simple correlation, coefficients of Correlation- Karl Pearson and Simple rank Correlation)</li> <li>• Regression Analysis –Estimation of regression line, interpretation of regression coefficients with practical example</li> </ul>
<b>Module 3 (Credit 1) Introduction to different types of data</b>	
<b>Learning Outcomes</b>	<p>After learning the module, learners will be able to</p> <ul style="list-style-type: none"> <li>• Describe the relevance of data</li> <li>• Evaluate the merits of different methods of data collection</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Relevance of data in the current scenario</li> <li>• Types of data : primary and secondary data</li> <li>• Methods of data collection: Questionnaire method, Interview method, case study method in brief</li> <li>• Sources of secondary data collection with merits and limitations</li> </ul>
<b>Module 4 (Credit 1) Presentation and tabulation of data</b>	
<b>Learning Outcome</b>	<p>After learning the module, learners will be able to</p> <ul style="list-style-type: none"> <li>• Recognize the data classification and tabulation.</li> <li>• Represent the data using different types of graphs</li> </ul>
<b>Content Outline</b>	<ul style="list-style-type: none"> <li>• Classification of data</li> <li>• Frequency distribution: Discrete and continuous series</li> <li>• Tabulation of data</li> <li>• Graphical representation of data: Bar diagram, pie diagram, histogram, frequency polygon</li> </ul>
