What are the future prospects?

Educational Multimedia development, Online Course design is a rapidly growing area and there is a dearth of qualified professionals. Indian eLearning industries have gained a great deal of acceptance internationally for developing on-line courses. The industries are looking for trained professionals in the areas of instructional design, content development and story-board development.

What is Instructional Design?

Instructional design is a discipline which focuses on the systematic process of planning any teaching-learning process and developing an effective educational system. It also involves micro-planning and material development for actual teaching-learning activity, course designs and implementation. Instructional Design is essential for developing an effective educational multimedia or a web-based course.

How will MA (eLearning) pass-outs be placed?

The students will be placed as Project Trainees in eLearning industries or educational organisations as interns during their fourth semester. Monthly stipend is about **Rs. 20000-40000/-** per month during internship. The students may immediately be absorbed in the same institute or are employed by other industries/institutes after the completion of the programme, even before their final results are declared, with the starting salary ranging from **Rs. 25,000/- to 40,000/-** per month. Some eLearning industries where internship and placement is done so far are HappCoach, Tata STRIVE - Tata Community Initiatives Trust, eSenseLearning Private Limited, Last-Bench Applied Education Private Limited, Kalyanaraman Strategic Management Consultants, Thinking Grey, Centre of Educational Technology, Mumbai Educational Trust, EMERITUS Institute of Management, MicroGenesis Learning Pvt. Ltd, Curriki, Disprz, Uniform Junction, -Infonative Solutions, QuoDeck Technologies Private Limited, University of Mauritius, SyncWork, etc.
