- Online fee payment
- Applicant dashboard

2. Admin & Control Panel

- Real-time application statistics
- Subject / category wise filtering
- Auto-generated reports

3. Communication Tools

- SMS and Email alerts
- Bulk notifications
- Application status updates

4. Scrutiny, Verification & Merit Lists

- Online scrutiny workflow
- Auto-flagging of discrepancies
- Approval / rejection with remarks
- Provisional and final merit list generation

5. Additional Modules

- Interview scheduling
- Interview call letter generation
- Panel login for marks entry

6. Security & Hosting

- Secure cloud hosting
- Encrypted data storage
- Daily backups

Key Benefits

- Fully paperless and automated recruitment process
- High accuracy and transparency
- Faster processing and reduced administrative workload
- Candidate-friendly interface
- Customizable as per University recruitment norms

Eligibility Criteria

- Registered software company with minimum 5 years of similar experience
- Prior experience in Government / University / Recruitment solutions preferred
- Capability to handle large-scale applications securely

Confidentiality Clause

A detailed Confidentiality Clause ensuring complete protection of all University data and applicant information shall be incorporated in the final Contract Agreement.
